

SUPERCAR Sunday™

incorporating Super Bike

27 June 2010

Opening Times

Sunday 10.00 to 16.00 (Museum shuts at 17.00)

Show Information

Supercar Sunday (as the name implies) is a gathering of Supercars on Sunday 27 June 2010.

This event has been running for over 10 years.

Supercars are drawn from owners clubs and from individual owners.

Over the years the event has expanded to also include sports cars and last year Super Bikes.

Clubs tend to arrive as cavalcades, which start to arrive from around 10.30, massed Lamborghinis or Ferraris in motion are a sight (and sound) to behold.

This year there will be two Motorcycle stunt shows during the day.

A traditional feature of Supercar Sunday are the two Track Runs. These take place on the Emissions Test Track of the Jaguar Land Rover Test Facility located next to our site. The Track Runs are a paced procession around the 3.7 mile track (3 laps). Unfortunately the nature of the Test Facility is to exclude public viewing as vehicles need to be tested in private. Spectators can view the vehicles at Track Check In (before they start) or as they return (coming down the Spine Road towards the Museum). The Track Runs are only available to vehicles which are on display.

Another traditional feature is Dream Rides provided by Sporting Bears, your chance to have a ride in a dream car in exchange for a donation to charity.

To round off the 'Super' theme there will be an opportunity to have your photograph taken with a Super Hero (provided by Hollywood Heroes, a separate charge applies).

In the afternoon there will be an attempt to set a world record for the largest number of Yamaha R1 motorcycles, assembled in one place.

Finally there will be awards for the Best Supercar and Best Superbike on display.

Public parking is off-site, however for those wishing to get into the spirit of the event a Super Action Day package is available which provides VIP access to the show, 4x4 and Go Kart rides and VIP parking on site.

We look forward to seeing you there.
